Computer Technology

Computer skills are an essential requirement in today's workplace. CVCC offers computer technology training: Microsoft Office Applications: Word, Excel, Access, PowerPoint, and Outlook. Also, Adobe Creative Cloud: Dreamweaver, Illustrator, InDesign, and Photoshop, as well as WordPress.

Certiport Testing Center

Certiport is the world leader in performance-based certification exams and practice test solutions for academic institutions, workforce and corporate technology markets. CVCC is an authorized Certiport testing Center. Certiport exams available to the public include: Adobe Certified Associate, Autodesk Certified User, Microsoft Specialist (MOS), and IC3, Internet Core Computing Certification, and more!

WorkKeys® Testing/National Career Readiness Certificate (NCRC) for Business

Improve your hiring processes and enhance return on investment. The NCRC is a qualifying credential that supports fair and equitable hiring and promotion practices that documents the presence of skills that are directly related to the widest range of jobs, occupations, and work roles.

Industrial Technology

Keep pace with the technological advances influencing industry in the 21st century. Customized programs allow you to train in the industrial trades to advance the current skills of your employees.
