Job Title: Telemetry Technician

Full/Part-time: Full-Time **Job Hours:** _____

Job Duties:

As a Telemetry Technician, you will assume responsibility for continuously watching and ensuring appropriate and timely responses to alarms. Verifying correct identification of basic rhythms, lethal rhythms and artifact; maintain EKG monitor alarms and responds to all alarms as needed.

Other responsibilities of the Telemetry Technician position include:

- Continuously observes all monitors assigned and responds to alarms promptly and appropriately
- Completes EKG interpretations including: rate, regularity, PRI, QRS, QTl, QTc, ST segment, wave form alterations, and rhythm interpretation
- Ensures strip interpretations are validated by RN.
- Displaying a “customer service” attitude toward patients, visitors, and other staff members at all times

As a Telemetry Technician, you must be able to deliver superior quality in all that you do. We are seeking results-driven team players who treat patients as if they were their own family members. Qualified candidates must be passionate about providing a superior quality of care. You must also be a resourceful problem solver who thrives in a fast-paced environment.

PLEASE APPLY DIRECTLY THROUGH EMPLOYER FOR THIS POSITION

Other requirements of the Tele Technician role include:

- High school diploma or equivalent
- Licensed Paramedic, LPN with EKG training, or RN nursing student with EKG training preferred
- Must complete and pass EKG class for Monitor Techs and required competencies on SERC within 30 days of start date
- Positive, caring and customer-service-oriented attitude

Compensation: _____
