**Employer Information:** Precision Compaction & Odor Control  
**Contact:** Mr. Ken Boersma  
2557 Center Road  
Hinckley, Ohio 44233  
**Phone:** 440-605-1225 **Ext:**  
**E-mail:** ken@precisioncompaction.com

**Main Business:** Service company

**Job Title:** Service Technician

**Full/Part-time:** Part-Time, Full-Time      **Job Hours:** M-F 8 am - 5 pm

**Job Duties:** The role of the service technician is to provide professional service and support for Precision Compaction & Odor Control Service's (Precision) customers by performing preventative maintenance and oil changes (PMO) and repairing the customers commercial trash compactors, cardboard balers, hydraulic lifts and rubbish chute doors.

Typical Duties:

- Installation - technical consultation and installation assistance to install new equipment.
- Start-up - hooking up new equipment, testing new equipment, training on-site personnel on proper usage techniques of newly installed equipment.
- Equipment Maintenance - perform routine maintenance on equipment and writing up proposal worksheets on any future service needs on equipment.
- Repairs - Repairing machine and systems, including rebuilds.
- Troubleshooting - determining causes of operating errors and taking action to remedy the problem.
- Record Activity - complete service tickets on every service call, properly record all expenses and turning in receipts for all expenses.
- Travel - safely travel to and from customers location in company service vehicle and keep track of maintenance and upkeep of that service vehicle.

**PLEASE APPLY DIRECTLY THROUGH EMPLOYER FOR THIS POSITION**

#### Education and Skills

- High School diploma or GED certificate (required)
- Ability to work diligently by yourself with integrity, giving the customer good service and high value for the money they pay our company for the service we perform. (required)
- Electrical experience (preferred), 3 phase power, reading electrical diagrams, PLC modules, troubleshooting electrical problems, etc.
- Welding and Plasma cutting (preferred), Arch/Stick welding, metal cutting, fabricating

#### Physical Demands

- While performing duties of this job, a technician would be required to stand, walk, sit, reach with hands and arms, climb or balance, stoop or kneel, talk and hear, and use fingers and hands to feel objects, tools or controls.
- Must be able to drive safely for periods of up to 2 to 3 hours at a time to reach job destinations.
- Must be able to have manual dexterity to operate equipment and tools required on the job.
- Must occasionally lift and/ or move at least 100 lbs.
- Must be willing to work in dirty and smelly locations that will require getting dirty and smelly to perform the required duties.

#### Work Environment

- Travel is mostly in a company provided service van.
- Majority of work will be performed at commercial properties at customer locations. Many times these locations are dirty and smelly.
- Travel & work is performed under a variety of weather extremes, from wet to dry, from cold to hot.
- Precision will furnish the needed safety equipment (gloves, goggles, hearing protection) depending on the job that is being performed and this equipment is expected to be used to protect the employee.

Pre-Hire - background check and drug test may be required.

Precision promotes an equal opportunity workplace which includes reasonable accommodation of otherwise qualified disabled applicants and employees as long as this does not create an undue hardship on the company. Please note that this job description may not be all inclusive and employees are expected to perform all other duties as assigned and/or directed by management. Job descriptions and duties may be modified when deemed appropriate by management. Precision is an at-will employer.
