**Have you heard of these terms?**

*"Chasing the Rainbow"*

*"Riding the Elevator"*

*"Doin Da Lean"*

**A young person that you know probably has.**

These terms refer to the drug culture. Join us and learn what the kids already know so you will be able to recognize when a child in your life might be facing a drug problem.

This program is designed to educate parents, teachers, social workers, doctors, counselors, probation officers, police, judges, community partners, and anyone with a nexus to children about current drug trends, terminology, and paraphernalia.

The goal of this two-part workshop is to arm parents, teachers and community professionals with the information necessary to recognize the influences of the drug culture on children, familiarize them with the many different drugs our children face, and share with them the experience and knowledge of undercover narcotics officers so they are better prepared to help their children make the right choices.

#### **4-6pm - Professional Workshop**

Attendees: Teachers, social workers, doctors, counselors, probation officers, police officers, judges, and all other child advocates. Please note that 2 CEU's / Clock Hours are available.

#### **7-9pm - Parent Workshop**

This Workshop will be specifically geared to parents of children, youth and adolescents. Due to the subject matter of this presentation, no children will be permitted.
