# Commercial Installation Specialist

## What we do:

JTC Installations Inc. is an interior construction and installation company in Northern Ohio. We receive, deliver, and install office furnishings, construction walls, ceilings, and floors. Product is taken or delivered to our project sites and assembled. Installation specialists are motivated, self-starting problem solvers and JTC is looking for individuals that fit that bill. Our installation team is comprised of installers and carpenters that enjoy change of scenery, thrive in a fast-paced environment, embody a can-do attitude, and exhibit pride in the work performed for our customers. Our focus is on both the efficiency of installation and the overall aesthetic of the work completed. JTC is focused on high quality, high visibility, high standard installations. Quality and excellence in all our work is superior to anything else.

## JOB DUTIES:
