## Chloe Gallagher

### North Royalton District

Chloe Gallagher is a junior at North Royalton High School and is enrolled in Cuyahoga Valley Career Center's Cosmetology program instructed by Ms. Mormile. During the bulk of the COVID-19 pandemic, Chloe spent a lot of her time getting involved with makeup, nails, and skincare. She wanted to continue learning more about this area and felt CVCC's program would be a great fit! The makeup, esthetics, and skincare elements of the program are her favorite, while the hair techniques can be challenging. Chloe appreciates how friendly everyone at CVCC is, and that she has made great friends within her program. She also enjoys being able to attend a career center that provides a creative outlet for students.

Chloe is involved in the Garden and Environmental Club at North Royalton High School. She also has a huge passion for animal rescue and advocating for cruelty free products. She spends a lot of her time learning how to make clean face and makeup products. In Chloe's free time she enjoys being with her dog, her friends, and doing anything artistic. After graduating high school, Chloe plans on attending the University of Toledo, as they offer a Cosmetic Science/Formulation program. She also plans on working in a salon to use what she has learned at CVCC. Chloe's dream is to travel the world as a celebrity makeup artist and skincare expert. CVCC wishes you the best of luck in all you do Chloe!
