Luke Gesing **Revere District**

Luke Gesing is a junior from the Revere district and is enrolled in CVCC's Sports Medicine Exercise Science (SMES) program instructed by Mr. Fahey. Being actively involved in sports most of his life, Luke has had a lot of associated injuries. With that, he has been around medical professionals involved in his recovery process and became interested in their line of work. He specifically found the area of physical therapy interesting, as well as helpful in his recovery process. His favorite part of the SMES program has been the anatomy component. He also has enjoyed meeting people from surrounding districts and is grateful for the relationships he has built so far. The workload of the program can be challenging, however having high expectations allows Luke to work harder.

Luke has been playing football since the 4th grade and has wrestled since 8th grade; he currently is involved with both at Revere High School. Luke also works part-time at a local Giant Eagle. In his free time, Luke enjoys working out and being immersed in anything sports related. Luke plans on attending college after high school to study either physical therapy or go on to become a Physician's Assistant. Ultimately, Luke hopes to work with, and help people daily. Best of luck in all that you do Luke!
