

May 2022

Kyle Collins

Nardonia Hills District

Kyle Collins is a senior at Nardonia High School and is enrolled in CVCC's Sales & Service Fundamentals program instructed by Mrs. Wracher. The Sales & Service Fundamentals program is transition-focused and helps students develop employability skills and the competencies necessary to shift to a work environment. Kyle appreciates that the program offers a balance of classroom academics and practical application in various supervised community-based vocational settings. His favorite part of the program has been working and connecting with his fellow classmates. Kyle noted that some of the skills he and his fellow students have learned were challenging, however he was up for the task at hand!

Kyle is thankful to CVCC for providing such a welcoming environment for all students. He also participated in DECA, which is a youth organization competition where he received the Student Achievement Award. Kyle has also volunteered at local Nardonia Hills Chamber of Commerce events. Additionally, Kyle was recently named the 2022 Outstanding Student for his program. CVCC staff members noted that Kyle is, "Well-mannered, hard-working, respectful, possesses wonderful skills, and is courteous." In his free time, Kyle enjoys playing games on his phone. After graduation, Kyle will be busy working at the Akron Zoo, Larry's Stables, and at the Natatorium. Keep up the exceptional work Kyle, CVCC is thrilled to be a part of your journey!
