

March 17, 2020

Dear Parents and Students,

I hope that this letter finds you healthy. During this time out of the classroom, I am sending each student a Responsibility Chart. I am sending enough to last ten weeks. I sure hope that I see you before then.

Since Transition to Work is a work based program, students can practice their work skills at home. Feel free to pick as many responsibilities/jobs for the chart that you think your son/daughter can handle. This is not mandatory, but keeping in the routine of working and helping the family is important.

Here is a link to a website that has interactive everyday life skills in many areas. It is fun to play, educational and free. You need to have a flash player on your computer to play. <https://edu.gcfglobal.org/en/edlall/>

If you need to reach me, I will be checking my school email, [pkempf@cvccworks.edu](mailto:pkempf@cvccworks.edu). You can also call or text me on my cell phone, 330-283-4501.

I miss all of you, and pray that you will stay well.

Sincerely,

Patty Kempf
